

The trade show will start this **Thursday, 15th October at 11:00 a.m. UTC** and the exhibition stands will be open to visitors around the clock until 30th October.

We present ourselves at our stand as follows:

- Brochure material as PDF or as flipbook
- Videos and 3D animations of our products and competencies
- Presentations or webinars recorded by us, which are available as streaming
- Live chat function
- Live video conferences by appointment

Among the visitors of our virtual booth we raffle off an SUP-Board (Stand-Up Paddeling). With this we want to say thank you in a friendly way for the interest in our products. But we also want to send a signal that both we and our customers are keeping their noses in the wind in these difficult times and that we are finding our way through the waves with innovative dynamics.

We are exhibiting at

**Innovate** **15-30 October 2020**  
**Textile & Apparel** Reconnecting innovation in the textile & apparel value chain  
**VIRTUAL TRADE SHOW** [vts.wtin.com](https://vts.wtin.com)

The banner features a dark background with a network of glowing yellow and green lines connecting various points, suggesting a digital or interconnected theme.
